The Flag Code

This is the first in a series sponsored by Lake Okechobee Chapter Order of Demolay, presenting Public Law 829-77th Congress — "Pertaining to the display and use of the flag of the United States of America."

Joint Resolution

To amend public law numbered 623, approved June 22, 1942, entitled "Joint resolution to codify and emphasize existing rules and customs pertaining to the display and use of the flag of the United States of America."

Resolved by the Senate and House of Representatives of the United States of America in Congress Assembled, That Public Law Numbered 623, approved June 22, 1942, entitled "Joint Resolution to codify and emphasize existing rules and customs pertaining to the display and use of the flag of the United States of America," be, and the same is hereby amended to read as follows:

That the following codification of existing rules and customs pertaining to the display and use of the flag of the United States of America be, and it is hereby, established for the use of such civilians or civilian groups of organizations as may be required to conform with regulations promulgated by one or more executive departments of the Government of the United States.

Sec. 2 (a) It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, the flag may be displayed at night upon special occasions when it is desired to produce a patriotic effect.

(b) The flag should be hoisted briskly and lowered ceremoniously.

(c) The flag should not be displayed on days when the weather is inclement.

(d) The flag should be displayed on all days when the weather permits, especially on New Year's Day, Jan. 1; Independence Day, July 4; Memorial Day, May 30; Flag Day, June 14; Labor Day, first Monday in Sept.; Constitution Day, Sept. 17; Columbus Day, Oct. 12; Navy Day, October 27; Armistice Day, Nov. 11; Thanksgiving Day, fourth Thursday in November; Christmas Day, December 25; such other days as may be proclaimed by the president of the United States; the birthdays of States (dates of admission); and on state holidays.

(e) (Armed Forces Day, by custom since 1949, is usually celebrated the third Saturday in May. Constitution Day by resolution of the 82nd Congress, has been designated as Citizens Day.)

(f) The flag should be displayed in or near every polling place on election days.

(g) The flag should be displayed during school days in or near every school house.

(Series II Next Week)

Rogers Disappointed With Low Vote "Positive Americanism" Thru Ballot

I want to again thank the people of the Sixth District for nominating me without opposition as the Democratic candidate for re-election to Congress from our district. As soon as the Congress adjourns I look forward to returning home and discussing my record during the four terms I have had the honor to represent you in my Washington, and to present my program for the future.

While my name did not appear on the Primary ballot since it was unopposed, there is one obvious and alarming fact about this election worthy of our full consideration. This is the disappointing turnout at the polls in this important election.

We hear a great deal about so-called "off-years" elections, as if we are to expect low voter participation. Yet throughout

Opening Of 1,000th Store Triggers W. T. Grant's Mightiest Sale Event

On Thursday, May 17th, W. T. Grant Company will open its 1,000th store, a milestone which will be marked by every Grant Store in the nation with storewide celebration sales following Mr. Grant's edict. Make this the most exciting demonstration of savings in the history of our Company. According to Mr. H. E. Vater, Manager of the Grant store at Belle Glade, every department in the store will offer truly amazing values, the result of six months of preparation by the Company's 81 buyers.

Naturally we are proud of having attained 1,000-store status, but more important, we want to demonstrate to each and every shopper in this area what our 1,000-store purchasing power and overall economy of operation can mean in terms of substantial savings on first-quality, fully guaranteed merchandise. Savings range up to 50 percent in what I can promise will be the most exciting and dramatic

his "W. T. Grant 25c Department Store." Founded on the principle, "not how much can I get, but how much can I give my customers," he achieved dramatic success during his first year of operation, despite the fact that a serious business recession was in progress at the time. "People love bargains, and that's what I gave them," he said, in explaining the success of his earliest store, out of which grew the current Company, employing 38,000 people. 1961 volume exceeded \$74,000,000.

Uncle Dan from Doolie Says:

Dear Mister Editor,
You reporters claim it's news when the man bites the dog. If that's still the rule, then I got some cake one stuff for you this week. A Washington column writer reported last week the Government had saved \$9,215 in 1961 by making workers at the U. S. mint take a on-the-job shower bath every day afore they quit work.

The piece said the men and women that makes coins and gold bricks in the mint collect fine silver and gold dust on their bodies. By making 'em take a shower and straining the run-off-water, they got back \$9,000 in gold dust and \$215 in silver last year. I am to get a letter off to my Congressman immediate and congratulate him on this fine piece of Federal economy. If I recollect correct, this is the first economy noted in Washington since Cal Coolidge swapped his Government saddle horse for a milk cow.

I couldn't wait to get the country store Saturday night and bring these glad tidings to the folks. I got a big disappointment, Mister Editor. They wasn't impressed. Ed Doolittle claimed it wasn't nothing, but another case of them Federal agencies mountain - climbing over mole hills. And he then proceeded to read off some figures from a newspaper clipping where Congressman Gary of Georgia was talking to the press the other day.

According to the clipping, the interest on our \$300 billion national debt next year will be \$9.3 billion per year. He allowed as how this one interest item alone was more'n the Federal Government spent from 1900 till the beginning of the first World War. He said this interest

Wage Hour Regulations For Student Employment Effective June 10th

The United States Department of Labor's Wage and Hour and Public Contracts Divisions has issued regulations governing the employment of full-time students in retail and service establishments at pay rates below the general statutory minimum wage.

Regional Director Sterling D. Williams announced today that the regulations are effective June 10, 1962. They establish conditions under which boys and girls from 14 through 18 years of age, who are enrolled in bona fide schools below college level, may be employed at 85 percent of the applicable minimum wage.

Requests from establishments which began operations after May 1, 1960, should make that known, because these "new" establishments must use a special kind of application form.

Clara J. Denick, supervisor of the Miami field office at 1775 S. W. Third Avenue, or Rufus L. Stokes, supervisor of the North Miami field office at Room 219, Carlisle Building, 12490 N. E. 7th Avenue, can provide information to help operators of retail and service establishments in South Florida.

Ordinance Passed On Cane Burning

South Bay City Council passed on the final reading, an ordinance requiring persons who are going to burn sugar cane within the city limits to obtain a permit.

Included in other business, the council voted to buy an air conditioner for the City Hall, discussed future repair work on the city streets, which City Manager Snyder remarked was just in the "talking stage," as no action can be taken until a new budget is made up. Proposed improvements on the City Hall were also discussed.

The council voted to thank the FBC Commission and the State Road Department for the new fence bordering Jeffries Memorial Park and Playground along U. S. 27.

Kenneth Warren was named chairman of American Red Cross Disaster Relief Committee and Albert Snyder, vice-chairman. Other committees are to be named later.

Modern Home,

Mrs. Janet Pate Seats PTA Slates: Elementary Group To Get Charter

The Belle Glade PTA had its last meeting Monday night, May 14, with the installation of officers for the two new PTAs' next year.

Mrs. Janet Pate, President of the Council of Parents Teachers Association in District 11, installed the officers for the Junior-Senior High and the Elementary PTAs.

Mrs. Pate spoke on the four basic policies of PTA, what constituted interference and non-interferences in PTA school administration, and the duties of each officer. Before completing the installation, she read the "Leaders Beautitudes."

"One can compare the Belle Glade PTA to an amoeba," said Mrs. Pate. "An amoeba divides and grows. And thus your PTA divided into the two will grow."

The new officers for the Elementary PTA are Mr. Joe Orsenigo, President; Mr. John Kinlaw, 1st Vice President; Mrs. Dee Luce, 2nd Vice President; Mrs. Sam Crisman, Recording Secretary; Mrs. J. W. Altman, Corresponding Secretary; Mrs. Walker Pears, Treasurer; Mrs. Nelson Nelms, Historian; Mrs. Fred Wolf, Jr., Delegate at Large.

The Junior-Senior High PTA

officers are: Mr. C. E. Crichfield, President; Mr. Emil Wolf, 1st Vice President; Mrs. James Wernosa, 2nd Vice President; Mrs. Charles Haines, Corresponding Secretary; Mr. Harold Rustin, Historian; Mrs. Richard Murray, Delegate at Large.

Mr. Don Flesher, outgoing President, thanked all his fellow officers and chairman for the wonderful work they had performed. He closed by reading "Johnny Can't Read Either," an article from PENS MAGAZINE describing an English teacher's many duties.

Mr. Joe Orsenigo, incoming President, led in the pledge of allegiance and Mrs. F. C. Dooly, Devotional Chairman, led the Lord's Prayer.

Mrs. Myron Ludlow, Treasurer, announced that there were \$102.17 remaining in the bank. It was voted that the balance, after paying all outstanding bills, be divided equally between the two PTAs.

The present Belle Glade PTA will continue next year under the name of Junior-Senior High PTA and the Elementary PTA will be the new one. According to Mrs. Pate, in order to begin a new PTA there must be members. So those present at the meeting wishing to join the Elementary PTA next year were asked to pay their dues after the meeting so that this organization could obtain a charter.

Mrs. Walker Pears, the new treasurer, collected the money. Those who paid will be the charter members for the Elementary PTA.

The Program Chairman, Mr. Hermon Close, who introduced Mrs. Pate, commented on the programs for the year. "We probably didn't please everyone, but that is good," stated Mr. Close. "Everyone shouldn't agree on any one subject."

Mr. Carl Crawford, Elementary Principal, announced that pre-school registration would be May 24 at 1 o'clock at the Elementary School. This is for adult only; please don't bring your children. Mr. Crawford and Mrs. David Moten, Pre-School Registration Chairman, will announce final plans later. Those wishing to become a Gray Lady can still receive training, which is already underway. If interested, contact Mrs. Emmett Harris.

At the close of the program, the two new Presidents Mr. Joe Orsenigo and Mr. C. E. Crichfield, spoke briefly on next year's plans. Mr. Crichfield presided while the motion was made, seconded, and discussed on the High School having a Family Life Institute next year. It was agreed that we have one lasting a week. — Mrs. Landon Doub, Publicity Chairman.

Six Fla. Counties Pay Most Taxes On Gas And Sales

Dade, Duval, Hillsboro, Broward, Palm Beach and Pinellas counties paid more than 65 percent of the total sales taxes paid into the State Comptroller and more than 50 percent of the gasoline taxes reportedly collected for the month of April 1962. Dade is No. 1 and Broward No. 2 in both categories with Duval and Hillsboro trailing along 3rd and 4th.

Pinellas beat Palm Beach on both counts. There was approximately 30 million collected in the State from the two items for the month of April, with sales bringing in 18 and one-half millions. The totals in both items were above the same month last year and above the month of March. Palm Beach County was returned a total of \$182,390 for April to be the fourth in size of refunded checks.

Mrs. Allen Gives Circle Program

Mrs. Ralph Kidder was the hostess for the May meeting of the Mary-Ruth Circle in her lovely new home.

The program was presented by Mrs. Robert Allen, "What is happening to the North American Family." This is a subject relating to the Third Quadrant of the Woman's Society of Christian Service. "Factors that confront us."

Mrs. Kidder presided over the business meeting and elections of officers. The new officers will be announced at a latter date.

A collection of \$18.00 was taken up to be turned over to the piano fund for the Ladies Parlor.

Refreshments were served to 11 members and 3 visitors present at the meeting.

Read Proverbs 15:8-15; 1 John 3:19-24

The sacrifice of the wicked is as abominable to the Lord; but the prayer of the upright is his delight. (Proverbs 15:8).

There is a story of a man who asked for this gift — not to die. His wish was granted, but he forgot to ask that his youth and his health and strength also might last forever.

Years later, age and its infirmities and weaknesses were weighing him down. Existence — for it could hardly be called life — was one long torment to him. He wished to die, but could not. He had asked for a thing which he became totally unfit to enjoy.

In our prayers we often seek things which we might shrink from seeking if we knew that they must come through pain, tears, and loss. The better way to pray is to seek God's will for us. Thus we open the way for Him to give what He sees best for us, and in the way that He knows to be best.

The prayers of the upright delight the Lord. The righteous offer prayers of gratitude and repentance, songs of praise because of His divine love and great mercy. They ask His help and guidance.

PRAYER: O God, be merciful to us sinners. Enable us to offer These true worship in our prayers and gifts, in the spirit in which we live and in our actions. We pray in Christ's blessed name. Amen.

THOUGHT FOR THE DAY
Prayer is not a means to escape evil, but it is our God-given means to become strong to meet it.
Sumnerfield J. McCartney, Research (Virginia)

When Does A Man Become A Real Man?

What is REAL man? Someone who has developed his brawn in preference to his brain? Or the modern Don Juan pictured in many of today's novels? Or the authority-figure who plays the role of tyrant right to the hilt? Or that homey fellow with the middle-age bulge buried in an easy chair behind a newspaper?

"All of these pictures have something of manhood in them," Dr. Oswald Hoffmann. Comments on Sunday, May 20. "But not one tells what a man really is. Let a man pattern himself after any one of them — or even try a combination of them all — and he winds up with a nondescript blob of nothing."

Actually, the speaker will state, man becomes a real man the closer he comes to Christ, and he comes close to Christ only in faith. "No man is ever more a man than when he associates himself with Christ openly and avowedly."

Dr. Hoffmann will explain that too often Christ is pictured as a man who attracts women and children but with little appeal to men who believe they are strong enough to get along on their own. They forget, he will add, that Christ had the rough hands of a carpenter; that he got sweaty and dirty pounding the footpaths to Palestine. That to the religionists of His day, Christ was highly irreligious; that He had the courage to face death on a cross.

"Man becomes a man," Dr. Hoffmann will emphasize, "when he comes alive to himself, to his manly and creative nature, by turning from his downward way to follow Christ with renewed manliness and restored gentlemanliness that comes to a man through faith in Christ."

Churches of Christ Scientist

More meaningful goals are attained through spiritual enlightenment. This is a theme of the Lesson-Sermon "Mortals and Immortals" which will be heard Sunday in Christian Science churches.

Paul's admonition to the Colossians (3) will be among the Scriptural passages: "Set your affection on things above, not on things on the earth."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (P. 224): "Advancing to a higher plane of action, thought rises from the material sense to the spiritual, from the scholastic to the inspirational, and from the mortal to the immortal."

The Golden Text is from Romans (8): "If ye live after the flesh, ye shall die; but if ye through the Spirit do mortify the deeds of the body, ye shall live."

Sometimes the ladies go to the department store to buy some yard goods. Let us suppose this is you. As you enter the store you find one of your most trusted friends behind the counter. You select a certain pattern and ask for ten yards. Your friend promptly gets the bolt and unrolls a certain amt. of cloth and comments that she believes that is ten yards. Would you accept and pay for the cloth on what she thought about it? Isn't it true that you would request her to apply the measuring stick before you put your money into it?

My friend, our souls are more important than all the beef and pork in the world. May I suggest that we refuse to take any man's word about

HOW CHRISTIAN SCIENCE HEALS
"DON'T LABEL YOURSELF OR OTHERS"
WSWN 11:45 p.m. Sundays 11:45 p.m.

The Age Of Weights And Measures

Occasionally when I have enough money I go to the grocery store and buy some good beef steak. Let's say I ask for three pounds of round steak and the butcher promptly cuts off a piece of steak and wraps it neatly and marks the price on it, commenting that he believes it weighs three pounds. Do you think I would accept what he thought about it? Would you take his word for it? Oh, he may be an honest man, and a good friend. He may have been cutting meat for twenty-five years, but I would request him to put the steak on the scales and weigh it. Wouldn't you?

Sometimes the ladies go to the department store to buy some yard goods. Let us suppose this is you. As you enter the store you find one of your most trusted friends behind the counter. You select a certain pattern and ask for ten yards. Your friend promptly gets the bolt and unrolls a certain amt. of cloth and comments that she believes that is ten yards. Would you accept and pay for the cloth on what she thought about it? Isn't it true that you would request her to apply the measuring stick before you put your money into it?

My friend, our souls are more important than all the beef and pork in the world. May I suggest that we refuse to take any man's word about

things religious, because the destiny of our souls are at stake. It makes no difference how long we have known the preacher, or how honest he may be, be sure to request that all things be weighed and measured by God's scales and measuring stick — the Bible.

A cordial welcome awaits you at all the services of the Belle Glade Church of Christ, 125 N. W. Avenue D.
Sunday School — 10:00 a.m.
Worship — 11:00 a.m. and 7:00 p.m.

Count the ways extension phones can ease your days and nights...

- 1 Minute to relax? Prop up your feet and chat with a friend.
- 2 Sewing, dusting or mending? Phones are there where you are.
- 3 Busy in the kitchen? Just reach for the phone and talk or make calls without stirring a step.
- 4 Husband away on a business trip? Phone at your bedside for safety, security.

So... call the telephone business office and find out how easy it is to add phones where you need them.

Off To Visit Capital South Bay School Patrol On Tour

The following South Bay Safety Patrol Students left for their Washington trip Wednesday, May 16th. Gary Walker, Capt.; Jimmy Jackson and Kathy Ferguson, Lieutenants; Brenda Kelly, Sgt. James Prevatt, John Lee Henderson, Ivan Wilk, Duane Stokes, Lamar Grove Ray Sullivan, Pete Bowyer, Billy Foster, Jr., Wayne Partain, Jean Teale, Jean Teale, Juanell Prevatt, Teresa Wilder, Joan Willett, Helen Shelton, Sandra Murphy and Jeanne Lynch.

They left Belle Glade Wednesday morning at 10 a. m. and saw luncheon at the Belvedere

Elementary School and boarded the train in West Palm Beach at 1:00 p. m. The train will arrive in Washington Thursday morning at 8 o'clock. The Safety Patrol Students will return to West Palm Beach Sunday afternoon at 3 o'clock, with the school bus transporting the students back to Belle Glade.

The South Bay P. T. A. will have its last meeting Monday, May 21st in the South Bay Auditorium. The program for the evening will be the installation of the 1962-63 officers.

South Bay School had their pre-school registration for 1st grade students entering school this fall. Mr. H. A. Ouellette, principal registered twenty students, and expects at least ten more to register before school starts next fall.

Before a child can start school the parent must have the child's birth certificate and a list of their immunization shots.

American Legion elects Blackwell

W. P. Blackwell has been elected Post Commander of 161 of South Bay, American Legion for the year 1962-63 term. Installation will be announced at a later date.

Others elected were First Vice Commander, William Massey; Finance Officer, W. C. (Pappy) Allen; Chaplain, Eric Hartline, Historian, H. A. Austin; Sergeant at Arms James Spradley; Service Officer, Sam Henderson.

Boys And Girls' Camp In Ocala Nat'l Forest

Vacancies for 447 boys and girls still remain open at the Florida Youth Conservation Camp in the Ocala National Forest.

Sponsored by the Game and Fresh Water Fish Commission, the summer camp will offer four camping sessions beginning June 17 for boys aged eight through 14 and girls aged nine through 13 years.

Parents of interested children may obtain application and information by writing to the Youth Conservation Camp, Ocala, Florida.

All children attending the camp receive intensive education in wildlife conservation, swimming, boating, wilderness survival, wild-animal tracking, and natural resource studies. It was stated.

Camping fees are \$25.00 for the one-week session, and \$55.00 for the two-week sessions, with special rates in effect for members of recognized youth organizations.

Shell dealers suggest 15 ways to make your car last longer

Shell scientists dedicate their working lives to the care and feeding of automobiles.

They can offer dozens of tips on prolonging the life of what is probably your second biggest investment. Here are some useful samples:

1. Learn to read tail pipe smoke signals. Blue smoke means too much oil is getting into the combustion chambers. Your piston rings may be worn.
2. Check wheel alignment at least twice a year. An out-of-line wheel can increase tire wear as much as 50 percent. Also, keep your wheels balanced. An unbalanced wheel pounds the tire against the pavement, wearing the tread unevenly.
3. Rotate tires every 6,000 miles. Be sure to include your spare. This helps tires wear evenly, last longer. Your Shell dealer can take care of this for you.
4. Avoid high speeds and save your tires. High speeds increase tire wear drastically - by as much as 80% over normal wear.
5. Use your engine to save your brake linings. Try to avoid hard, sudden braking. When you see you'll have to slow down, take your foot off the accelerator early and let the engine's compression do some of the job.
6. Warm up slowly. Racing an engine to warm it up ages it fast. A short warm-up at moderate speed is good for your car even in summer. But never race your cold engine to warm up. It may damage critical working parts before lubrication can be fully established.
7. Have your engine's spark timing set to proper specifications. Spark timing determines whether your plugs fire at the right instant. With incorrect timing, you can lose power and mileage. Also, your car may knock. And chronic knocking can damage your engine.
8. Use a gasoline that controls knock. If your engine persists in knocking, you may need a gasoline with more anti-knock components, for a higher octane rating.
9. Super Shell contains all of the anti-knock ingredients required to help your car deliver knock-free performance.
10. Change your oil filter element regularly. The filter is designed to catch and hold foreign particles so they can't get into your engine. Replacing the filter element at regular intervals helps your engine last longer.
11. Have your car's cooling system checked in spring and fall. Cooling system rust inhibitors can wear out. Rust, corrosion and sediment may then start to form. In the spring, let your Shell dealer

inspect your entire cooling system. When he drains and refills, he'll add a special Cooling System Protector.

In the fall, you get a free cooling system inspection when you have Shellzone anti-freeze put in by your Shell dealer.

12. Get a lubrication job regularly. Dirt and moisture can work into chassis joints and bushings, causing friction and wear. Grease can also eventually pound out, leaving the parts unprotected.

Shell lubrication at regular intervals helps protect those vital parts.

13. Keep door and body panel drain holes clear to foil rust. There are little drain holes at the bottom of body panels and doors. They can get clogged so that the panels actually hold water. Result: Rust forms more easily, can eat through the metal. Make sure drain holes are clear.

14. "Bandage" minor scratches in your car's finish. Until you can have the scratches refinished, keep rust from forming with a coat of touch-up paint or a strip of cellulose tape.

15. Let your Shell dealer help your car last longer. Your car may have cost you thousands of dollars. Treat it carefully. Feed it well. Let your Shell dealer help you on both counts. You will save money - and increase your driving pleasure, too.

Where to get Super Shell, the gasoline that helps engines run smoothly and quietly
